Welcome to a new year. This is an important year and the Republican Party needs to win in the elections to help guide our state and our country to be strong and peaceful.

Some of the reasons that I became a Republican are listed below:

- I believe that the proper function of the government is to provide for the people only those critical functions that cannot be done by individuals or private organizations, and that the best government is that which governs least.
- I believe that the strength of our nation comes from respecting the individual and when each person's dignity, freedom, talents and responsibility is honored.
- I believe in equal rights, equal justice, and equal opportunity for all, regardless of race, creed, age, sex or disability.
- I believe free enterprise and encouraging individual initiative have brought this nation opportunity, economic growth and prosperity.
- Just to name a few. I am a Republican Woman because:
I believe in grassroots activism.
I believe in our legacy of developing political leaders for the future.
I believe in government that requires personal responsibility while protecting the worth of the individual.

These are not my own words, but they came from our national offices. I know that all of you believe in these things too. One of my goals for this year is to educate our communities about for what our Republican Party stands and to inspire them to get involved. We can make a difference in a positive way and I can't wait to get started!

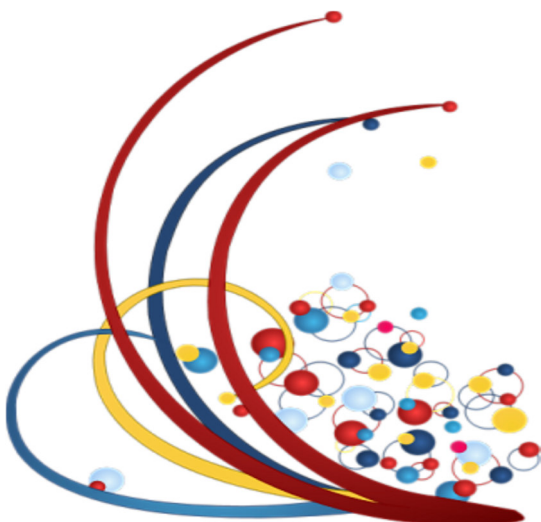

President Fran Turner of the Seaford Republican Women Club led the Club in receiving 2 National Awards, including the coveted Diamond Award at the Delaware Federation of Republican Women 67th Annual Convention on November 2, 2019, at the Boardwalk Plaza Hotel in Rehoboth Beach. Michaelae Russell won the Delaware Federation of Republican Women Award as the member with the most SRWC Volunteer Hours for 2018 – 2019. *[shown in photo, Cathy Watts, DE Federation of Republican Women, Fran Turner, and Jody Rush-ton President of the National Federation of Republican Women]*
